DENISS, LLC Signs Agreement with New York based a global printed circuit board (fab boards) manufacturer Geometric Circuits, Inc.

POWDER SPRINGS – DeNeal Industrial Sales & Services, LLC is elated to introduce Geometric Circuits, Inc, a global, diversified printed circuit board manufacturing company in Holbrook, NY as its latest principal.

DENISS, LLC founder and CEO Tyrone DeNeal, Sr., said DENISS signed a sales representative agreement with Geometric Circuits and plan a successful venture with them. Geometric Circuits offers a variety of printed circuit board (PCBs) products. They engineer, develop and manufacture custom printed circuit boards to a variety of specifications.

Geometric Circuits provide customers with ease of access to many different PCB technologies and capabilities:

- Rigid, Flex, Metal substrate and other specialize materials
- 1 – 28 Layers and minimum trace / space width 4/4 mil
- High density interconnect (HDI) PCBs
- Prototype, Small, Medium & Large Production orders

DENNIS, LLC was founded November 2016 and specializes in helping principals and customers grow sales and improve profits utilizing the Six Sigma principles -Define, Measure, Analyze, Implement and Control.
