DeNeal Industrial Sales & Services, LLC (DENISS, LLC) is an independent Manufacturers' Sales Rep and Sales Consultant that can help grow your sales and profits applying Six Sigma principles. DENISS, LLC is an authorized manufacturers' representative for energy efficient motor generators contract manufacturing, process monitoring, internet components. We serve wholesale, system integrator, commercial and industrial markets in southeast USA. We represent manufacturers with competitive products, services and pricing.

Our objectives are to provide energy efficient motors right and contract manufacturing solutions, which range from high volume, competitive priced globally produced plastic and metal parts, sub-assemblies, complete products to medium volume locally produced, printed circuit board assemblies, cable assemblies and complete box assemblies. We provide process monitoring software networking products and video and data communication solutions.

We look forward to doing business with you.
